

School News

Good Morning,

I would like to share some exciting things that are happening at St. Joseph School. Saint Joseph School's marketing committee has placed our new school flyers in English and Spanish in over 15 church bulletins around the surrounding areas. They have also put flyers in doctor's offices, dentist offices, libraries and with the help of Mrs. Ames, at several buildings at the Naval Submarine Base. The sign in front of Saint Joseph School is being fixed so it will light up again. Thanks to all the efforts of the marketing committee there has been an increase in calls inquiring about the school, shadow days and new registrations.

Next year we will be offering a robotic and Lego club after school. I would like to thank the 8th grade students and Sister Loretta for sponsoring a fantastic Career Fair for the students that was held this past Tuesday. Thank you also to all the adult participants.

Saint Joseph School is reopening the Pre-K class. Students have already been enrolled for the 2025/2026 school year for this class. The best advertising is word of mouth. Please help us get the message out into the surrounding communities.

Father Tito has asked me to stay on for another year as principal and I have accepted. I will continue to be the superintendent also. Mrs. Lau will also stay on as the secretary 4 days a week.

The entire school will be attending the Stations of the Cross on Friday at 11:00 led by the 8th grade class.

I wish you all a blessed Solemnity of St. Joseph,

Dr. Kingston
